THE WAI YIN ASSOCIATION PROVIDES AN ADVENTURE FOR LOCAL STUDENTS

CHARITY ORGANISATION THE Wai Yin Association took 30 underprivileged local school students on a summer trip to Germany for its project *Travel, Experience and Share*. “This will have a life-changing impact on these young people and inspire them to help others to realise their own potential when they are in a position to,” says the group’s honorary life president **LOLETTA CHU-LO**. It was the second trip organised by the association. Through daily blogging, photographs and videos, the students documented their journey throughout the two-week trip, and will receive awards for diligence and excellence at a presentation on September 5 in Festival Walk, Kowloon Tong.
